Thank you for purchasing this quality product. Be sure to check all packing material carefully for small parts that may come loose inside the carton during shipment.

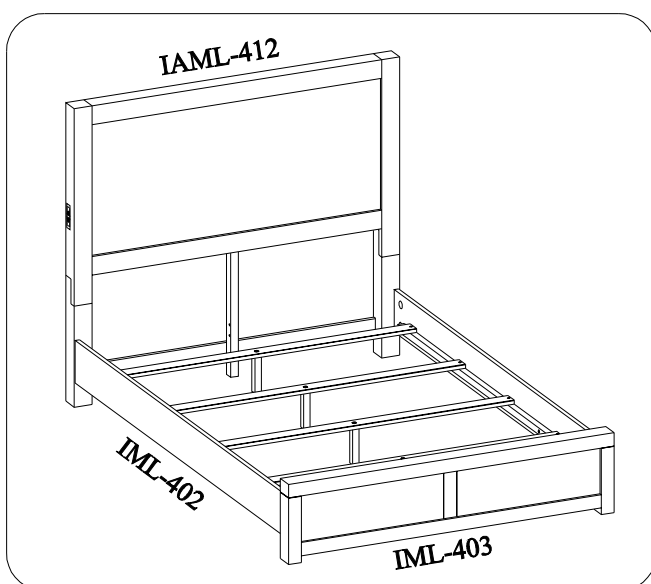

UNIT SHOULD BE INSTALLED BY 2 OR MORE PERSONS.

IML Queen Panel Bed

All Beds need to be set up in the exact final location so that after full assembly it will not need to be moved. Moving the bed will cause the support legs to move out of perpendicular (90 degree), weaken the support system, and may allow the bed to collapse.
