AND WE ALL FALL FOR
Formative / Collective / Evocative

The ultimate season of transition – between sunny, carefree summer and chilly, busy winter – fall has its own essence, which is captured in three trends you’re about to become very familiar with. From the fresh and modern Formative aesthetic, to the bohemian Collective spirit, to the opulent Evocative look, these trends can be blended or separated by you as you dream, define and design your home come true.

COVER AND BACK COVER PRODUCT LIST ON PAGE 40
The scene is tranquil and simple, the lines clean and sculptural, the palette muted and pastel. Concrete, glass and metallics make frequent appearances, resulting in a light, airy, polished look and feel.
Serenity starts with painterly art, like this atmospheric, ethereal pair.
