Electrical Wall Outlet

3 Wireless Charger & Power Center Connection

Within the arm storage compartment you will find 2 white boxes that includes 2 transformers (one with cord, one without cord) & an USB extension to power lights and wireless charger. Take USB and attach to transformer with cord. Once attached, drop both cords down to plug into electrical outlet.

4 Lighting Connection

From behind sofa at center back is a wire to connect lights. Attach USB extension to this wire and transformer without wire. Plug into electrical outlet.
