**SLAT STABILIZER
ASSEMBLY
INSTRUCTIONS**

○

Note: Slat stabilizers are only needed if using the base without legs on a platform bed.

SLAT STABILIZER COMPONENTS

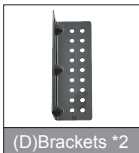

(A)Bolts*4

(B)Nuts *4

(C)Screws *8

(D)Brackets *2

Step 1:

Using two (A) bolts and two (B) nuts, attach one (D) brackets to the side of the adjustable base. Repeat on the other side.

Step 2:

Using four (C) screws, attach the (D) bracket to the slats. Repeat on the other side. (see below picture show)
